

LEADING WITH CONFIDENCE

VIBGYOR Group of Schools

Founded in 2004, the VIBGYOR Group of Schools is committed to transforming education through a blend of innovative pedagogies in nurturing learning environments. Our extensive network across India empowers learners to reach their full potential and thrive towards excellence. We are educating responsible future leaders who will be agents of positive change in their local and global communities.

VISION

To transform lives across the world by reinventing elemental ecosystems through passion, innovation, and purpose.

MISSION

To provide the highest quality of education in a safe, secure, and nurturing environment; to help our students develop into progressive thinkers and lifelong bearers of skills that will prepare them for the challenges of a dynamically changing world.

Our Creed

ENTHUSE

We ignite a vibrant spark and zeal for learning, fostering our learners' curiosity and engagement in their educational trajectory. It forms a foundational pillar, instilling a deep passion for knowledge through innovative teaching methods and inspiring experiences.

ENLIGHTEN

We serve as a guiding beacon, equipping our learners with profound insights and 21st-century skills to navigate the complexities of the world. It stands as a cornerstone of a strong educational foundation, illuminating minds with knowledge, understanding and wisdom.

EMPOWER

We epitomise the cultivation of ownership, facilitating our learners with purposeful individual and collaborative opportunities to shape their own learning journey and contribute meaningfully to society. It forms an indispensable keystone, fostering self-belief, resilience, and a sense of purpose.

VIBGYOR World Academy

VIBGYOR Group of Schools is pleased to grow a new learning institution, specially designed to equip our learners to excel on the international stage.

International school leaders and pedagogical coordinators are instilling best teaching standards within the school community to ensure that our students will be socially, emotionally, and academically empowered to achieve beyond expectations at international universities abroad.

From our very first day, we have been blending robust academic standards with progressive pedagogy to actively develop 21st-century skills in all our students from an early stage. At VIBGYOR World Academy, learning is a transformative experience that continuously sparks curiosity, fosters creativity, and imparts high critical thinking and problem-solving skills. We empower students to lead with confidence as they prepare today to navigate an ever-changing world.

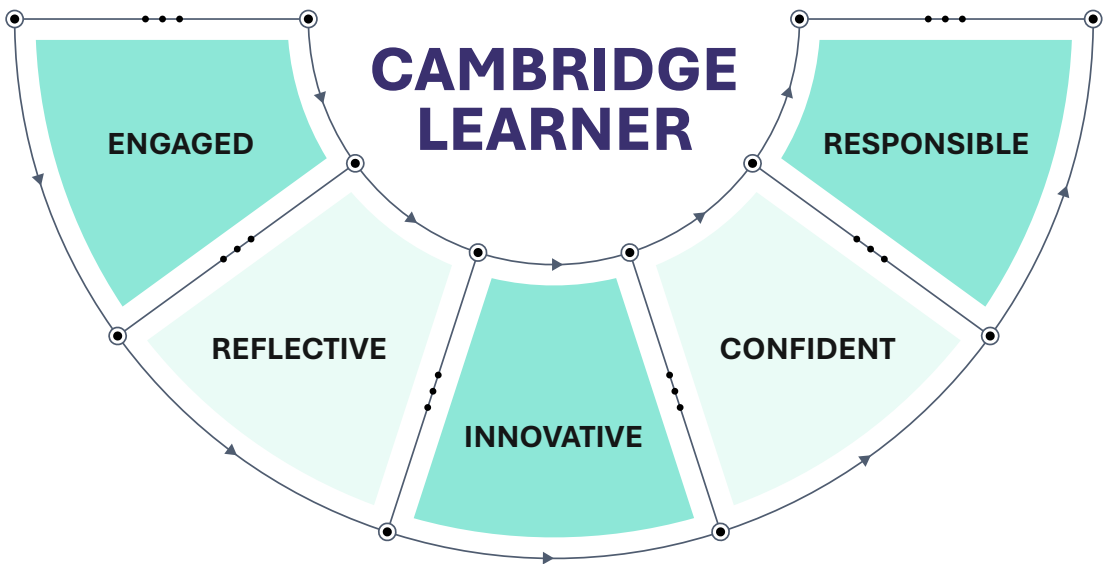

ONE

WORLD

INFINITE

POSSIBILITIES

Ready for the world

Engaged	Learners are agents of positive change in their immediate and extensive communities
Reflective	Learners reflect on their learning and mistakes to continuously improve themselves
Innovative	Learners develop as lateral thinkers, able to trial new ideas through well-informed thinking processes
Confident	Learners are equipped with the necessary communication skills to interact meaningfully and effectively with others
Responsible	Learners respecting themselves, others, their school, their communities and our planet

A Clear Path for Educational Success

A play-based programme including:

- An experiential and hands-on approach
- Learner-centered
- Structured learning outcomes

6 core areas: Physical development | Personal, social and emotional development | Communication, language and literacy | Mathematics | Understanding the world | Creative expression

Primary

Age 6 - 11

The primary Cambridge curriculum is for learners aged 6 to 11, focusing on a balanced and progressive approach to learning that includes core subjects like English, mathematics, and science, alongside others such as global perspectives, art and design, music, physical education, and digital literacy. It emphasises active learning, play-based activities, and developing a range of skills beyond academics, such as communication, collaboration, creativity, and well-being.

Lower Secondary

Age 11 - 14

The Cambridge Lower Secondary curriculum is a progressive educational programme for students aged 11-14 that builds on Cambridge Primary. It offers a broad, balanced curriculum in ten subjects, including core subjects like English, Mathematics, and Science, as well as others like Humanities, Digital Literacy, and Wellbeing. The programme aims to develop students to be confident, responsible, and reflective learners, preparing them for post-14 education programmes like Cambridge IGCSE.

Upper Secondary

Age 14 - 16

Cambridge IGCSE helps learners improve performance by developing skills in creative thinking, enquiry, and problem solving. It is the perfect springboard to advanced study.

There are over 70 subjects available at Cambridge IGCSE, including 30 languages, and schools can offer them in any combination. Cambridge IGCSE develops learner knowledge, understanding and skills in:

- Subject content
- Applying knowledge and understanding to new as well as familiar situations
- Intellectual enquiry
- Flexibility and responsiveness to change
- Working and communicating in English
- Influencing outcomes
- Cultural awareness

Cambridge Advanced

Age 16+

The Cambridge Advanced curriculum is a qualification for students aged 16-19, preparing them for higher education through Cambridge International AS & A Levels. It focuses on developing deep subject knowledge, independent thinking, and critical analysis skills. The curriculum is flexible, allowing students to choose a broad range of subjects or specialise, and is widely recognised by universities worldwide.

Assessment For Lasting Impact

We prioritise evaluating subject knowledge, conceptual understanding, and higher-order thinking skills. Our adaptable assessment framework optimises teaching and learning time.

Assessment for Lasting Impact fosters a dynamic approach to education where feedback is leveraged to enhance learner performance. Through our collaboration with Cambridge, we offer a robust platform to assess learners' strengths and areas needing improvement. These insights facilitate targeted instructional adjustments and predictive analysis of learners' future performance in Cambridge examinations.

VIBGYOR
